Personal & Home Care Colors

ChemStar is a global Home & Personal Care Colours manufacturer, supplier, and exporter. Personal and Home Care Colors are extremely soft, shiny, and creamy. Our chemical experts follow a meticulous quality control process with proven technology and advanced tools to ensure high quality and tone with zero impurities. Personal & Home Care dyes we formulate can be used in a wide range of Home & Personal care products such as detergents, skin creams, toothpaste, lotions, shampoos, etc. We produce water-soluble and solvent-soluble organic dyes and pigments in powder form for a wide range of cosmetics, personal care, and household products applications.

Lake pigments available in three standard dye content:

- * LD (Low Dye Content): 12 - 17%
- * MD (Medium Dye Content): 22 - 27%
- * HD (High Dye Content): 32 - 40%
- * SD (Special Dye Content) apart from the standard dye content on request.

Use of organic pigments are subject to regulations of different countries.

Applications:

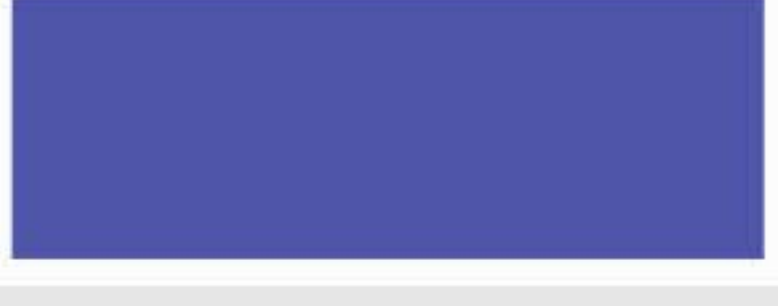

- * Liquid Shampoos
- * Opaque Soaps
- * Bath Bars
- * Hair Gel
- * Lotion
- * Detergents
- * Toilet Cleaners
- * Floor Cleaners
- * Candle Wax
- * Silica Beads

Note:

* Colour shades shown are only indicative.

Deep Maroon		15880:1	-	D&C RED 34

In addition to our standard color selection, we also provide custom blends of the above-mentioned colors, tailored to meet your specific requirements upon request.

Versatile Colors for Every Need

Automotive Performance

Hridhanchem offers bright dyes suitable for engine coolant, engine oil, car shampoo, car cleaners, and grease. These dyes enhance visual appeal and help in easy identification of fluids. They are stable, vibrant, and designed to perform in demanding automotive applications.

Surface Cleaning Solutions

Frequent cleaning is now a priority in commercial complexes, supermarkets, and malls to enhance appearance and hygiene. Surface cleaning removes dirt, dust, and debris, making colours more vibrant and details more visible. Hridhanchem products are ideal for floor cleaners, glass cleaners, hard surface cleaners, toilet cleaners, and toilet blocks.

Incense Stick

Incense sticks, made from aromatic plant materials and essential oils, release fragrant smoke that promotes relaxation, focus, creativity, and motivation. Hridhanchem offers bright water-soluble and pigment colours ideal for enhancing the visual appeal of incense products.

Wood Stains Solutions

Wood staining and finishing is a vital part of the global furniture, flooring, and construction industries, where color consistency and durability are paramount. Hridhanchem offers premium solvent dyes specifically formulated for wood staining, surface coating, and finishing applications. These dyes deliver deep, rich, and consistent color penetration ideal for furniture, flooring, cabinetry, and decorative woodwork.
